Commander's/Registrar's Report
1 June 2023

It has been a quiet few months for me.

I have contacted the Missouri History Society to see if they would be willing to scan the Missouri Commandery's *Circulars* (that they have or I have) in a way that would make them searchable. This would aid our spreadsheet effort identify all members and to locate their graves. If we know of any original MOLLUS members who are lacking gravestone, we should make an effort to contact the Veterans Administration and have them install a VA stone.

The only MOLLUS application I have in the queue is for "Aussie" Thayer. We voted him into the Commandery in December, but I still have to make sure that I have all of his paperwork before sending to it to national. When I contacted him last, he was in the process of selling his business. I will contact him to see how we might move forward.

Plans are to attend the MOLLUS annual meeting in Gettysburg this year. If anyone is interested in carpooling, please let me know. My MOLLUS relative, 1st Lieutenant Elisha Besse, Jr., was there with the 20th Maine Infantry as well as my ancestor Daniel Apt, Jr., of the 6th Maine Infantry.

Date unknown. I received an email from Companion Dale Crandell stating that he had been informed by National MOLLUS that our roster was not up to date. This was brought to their attention by Companion Douglas Niermeyer who stated that we had the wrong address. Companion Crandell checked our roster and stated it was current except for the zip+ four numbers which Companion Crandell placed the zip+ on the roster.

This completes my report. I know that there is probably some things that I deleted because I go through and just start deleting in groups sometimes and get rid of stuff accidentally. I apologize for my absence.

Respectfully submitted,

Gary L. Scheel
