Dear Mr. Branson:

I am writing because of your past membership in the Palmer Camp #73, SUVCW. I am hoping you can help me in this quest. I am looking for the artifacts of the camp. These were to be surrendered to the department when the camp dissolved. Some items are required to be turned into the national headquarters.

Personally, I would like to see the camp rejuvenated and rechartered, but need someone in the area willing to take that lead. In the past two years we have successfully started camps in Farmington and Canton. We have one going through the Charter process in Columbia. We are a growing organization in the state and would be willing to help start another camp in your area. However, without local interest I must ask if you know the whereabouts of any of the following items.

A lodge/camp structured organization requires that the camps return all camp items once the camp has folded to the next level in the organization. I know no one has previously asked for these items, so I must now do so. Any items owned by the camp (flags, charter, gavel, camp commander's badge, etc) must be returned to the Department of Missouri. All funds, records, minutes, etc. are also required to be returned to the department. If you have any of these or know who has them, please let me know by return e-mail or letter using the above information. I can make arrangements for the items to be mailed or picked up.

Thank you for your help in this matter.
