## HISTORICAL SKETCH.

---

"The Military Order of the Loyal Legion of the United States had its inception on that saddest day, at the conclusion of the Civil War, when humanity throughout the world was shocked by the death of Abraham Lincoln. In honor of that illustrious memory and of the great cause for which we had fought; in recognition of the affectionate friendships which had been inspired among the officers of the Army then about to disband; in historic recollection of the Society of the Cincinnati, which had embraced the officers of the Revolutionary Army, it was determined to form this Order; and at a meeting of a few officers in the city of Philadelphia the initial steps were that day taken for its organization. It was the first of the military societies which followed, or rather accompanied the close of the War." (From General Charles Devens's Twenty-fifth Anniversary Oration.)

On April 15, 1865, a meeting was held at the office of Lieutenant Colonel Thomas Ellwood Zell in Philadelphia, to take action for the officers and ex-officers of the Army and Navy to act as a guard of honor to the remains of the President. It was determined by those present to call a meeting of those who had served in the Rebellion on April 20th, when Colonel Zell presented a motion, which was adopted, that a society should be formed to commemorate the events and principles of the War for the Union then drawing to a close, and that measures should be adopted to promote that object. Subsequent meetings of those interested were held and a provisional organization was effected at a meeting held May 31st in the room in Independence Hall where the first Senate and House of Representatives of the United States assembled and in which Washington was inaugurated. (From "The Or-

ganization of the Loyal Legion," by Colonel Zell, in "United Service Magazine", February, 1889.)

Brevet Lieutenant Colonel Samuel Brown Wylie Mitchell, Lieutenant Colonel Thomas Elwood Zell, and Captain Peter Dirck Keyser, are designated as the founders of the Order, Colonel Mitchell's insignia and diploma being Number 1.

The plan of a permanent organization having been perfected, the Commandery of the State of Pennsylvania was organized November 4, 1865, to date from April 15, commemorating the day of the first meeting. Major General George Cadwalader was elected Commander, and Colonel Mitchell Recorder; both served also as Acting Commander-in-Chief and Acting Recorder-in-Chief respectively until their deaths in 1879. The Commandery of the State of Pennsylvania continued to be the acting Commandery-in-Chief until October 21, 1885, when the Commandery-in-Chief was organized. Major General Winfield Scott Hancock having become acting Commander-in-Chief in 1879, was elected the first Commander-in-Chief, serving until his death in 1886. The successive Commanders-in-Chief have been: General Philip Henry Sheridan, 1886; Brevet Major General Rutherford Birchard Hayes, 1889; Brigadier General Lucius Fairchild, 1892; Major General John Gibbon, 1895; Rear Admiral Bancroft Gherardi, 1896; Lieutenant General John McAllister Schofield, 1899; Brevet Major General David McMurtrie Gregg, 1903; Major General John Rutter Brooke, 1905. Brevet Lieutenant Colonel John Page Nicholson succeeded Colonel Mitchell as acting Recorder-in-Chief in 1879, and in 1885 became Recorder-in-Chief, serving continuously to the present time.

Among Commanders of State Commanderies have been: General Ulysses S. Grant and Admiral David G. Farragut, New York; General Philip H. Sheridan, Illinois; Ex-Presidents Rutherford B. Hayes and Benjamin Harrison, and General William T. Sherman, Ohio; Lieutenant Generals John M. Schofield, Nelson A. Miles and Samuel B. M. Young, California.

All legislative power is vested in the Congress of the Order,

composed of three representatives from each Commandery, which meets quadrennially.

The executive and judicial power is vested in the Commandery-in-Chief, which consists of the Commanders, ex-Commanders, Vice-Commanders, ex-Vice-Commanders, Recorders and ex-Recorders of the various Commanderies. It meets annually.

Six meetings yearly is the average among the Commanderies; the proceedings generally include business meeting, collation and reading of a historical paper. Many volumes of these contributions to Civil War History have been published. A majority of the Commanderies maintain permanent headquarters and possess valuable collections of books, pictures and relics pertaining to the War period.

A list of the State Commanderies, with names of Commanders and Recorders elected in 1905, and with the living membership January 31, 1906, is appended.

#### EXTRACTS FROM THE CONSTITUTION OF THE ORDER.

---

Defining its objects, principles and qualifications for mem-  
bership.

#### PREAMBLE.

WE, Officers and honorably discharged Officers of the  
Army, Navy and Marine Corps of the United States, whose  
names are hereunto annexed, having aided in maintaining  
the honor, integrity and supremacy of the National Govern-  
ment at a critical period of its history, and holding in remem-  
brance the sacrifices in common made and the triumphs to-

gether shared in discharge of this sacred duty, unite to ordain and establish a permanent association for the purposes and objects hereinafter set forth, and to this end pledge our honor, as officers and gentlemen, to be governed by the following Constitution and By-Laws.

## ARTICLE I.

### TITLE.

This association shall be known as THE MILITARY ORDER OF THE LOYAL LEGION OF THE UNITED STATES.

## ARTICLE II.

### PRINCIPLES.

This Order acknowledges as its fundamental principles—

*First.* A firm belief and trust in Almighty God, extolling Him under whose beneficent guidance the sovereignty and integrity of the Union have been maintained, the honor of the Flag vindicated, and the blessings of civil liberty secured, established and enlarged.

*Second.* True allegiance to the United States of America, based upon paramount respect for and fidelity to the National Constitution and Laws, manifested by discountenancing whatever may tend to weaken loyalty, incite to insurrection, treason, or rebellion, or impair in any manner the efficiency and permanency of our free institutions.

## ARTICLE III.

### OBJECTS.

The objects of this Order shall be to cherish the memories and associations of the war waged in defence of the unity and indivisibility of the Republic; strengthen the ties of fraternal fellowship and sympathy formed by companionship-in-arms; advance the best interests of the soldiers and sailors of the United States, especially of those associated as Companions of this Order, and extend all possible relief to their widows and children; foster the cultivation of military and naval science; enforce unqualified allegiance to the General

Government; protect the rights and liberties of American citizenship, and maintain National Honor, Union and Independence.

## ARTICLE V.

### MEMBERS.

SECTION 1.—The Companions of this Order shall be elected in the manner hereinafter provided from the three classes defined in this Article, and shall be entitled Companions of the First Class, Second Class and Third Class, respectively, as described and defined.

SEC. 2.—FIRST CLASS ORIGINAL COMPANIONS.—Commissioned officers and honorably discharged commissioned officers of the United States Army, Navy and Marine Corps, Regular or Volunteer, including officers of assimilated or corresponding rank by appointment of the Secretary of War or Navy, who were actually engaged in the suppression of the Rebellion prior to the fifteenth day of April, 1865, and whose names appear in the Official Registers of the United States Army and Navy and of the Volunteer Force of the United States Army, or appeared upon the official records of the United States War or Navy Department during their term of service as commissioned officers of organizations mustered into the service of the United States, and not restricted to service within any given State, for a period of service not less than ninety days, or who served under the President's call of the fifteenth day of April, 1861; or who, having served as non-commissioned officers, warrant officers or enlisted men, during the War of the Rebellion, have since been or may hereafter be commissioned as officers in the United States Regular or Volunteer Army, Navy or Marine Corps; and persons who, having served as non-commissioned officers, warrant officers or enlisted men as aforesaid, shall have become eligible to membership by descent from members of the Order, or officers who were eligible as such, who shall have died. Those elected under the provisions of this Section shall be designated Original Companions of the First Class.

SEC. 3.—FIRST CLASS HEREDITARY COMPANIONS: The direct male lineal descendants, who shall have attained the age of twenty-one years, of deceased Original Companions of the First Class, and of deceased officers not members of the Order, but who were eligible as such, and whose direct descent shall in every case be traced anew from the original founder of the membership in the Order, or from the deceased eligible officer, and not otherwise. Those elected under the provisions of this Section shall be designated Hereditary Companions of the First Class.

SEC. 4.—Any Original Companion having no direct lineal descendant may by writing filed with the Recorder of the Commandery, in which he may be enrolled, nominate for life a Companion of the Second Class, from among his male heirs within the collateral branches of his family descending only from his own brother or sister, and the person so nominated, if he has attained the age of twenty-one years, shall become eligible upon the filing of such writing.

SEC. 8.—SECOND CLASS: The sons, and if there be no sons, the grandsons, of living Companions of the First Class, whether Original, in Succession, or by Inheritance, who shall have attained the age of twenty-one years, shall be eligible to membership. Those elected under the provisions of this Section shall be designated Companions of the Second Class.

SEC. 9.—Upon the death of the Companion from whom his eligibility was derived, a Companion of the Second Class shall become a Succession Companion of the First Class.

SEC. 11.—THIRD CLASS: Companions of the Third Class are those gentlemen who, in civil life, during the Rebellion, were specially distinguished for conspicuous and consistent loyalty to the National Government, and were active and eminent in maintaining the supremacy of the same; and who, prior to the fifteenth day of April, 1890, were elected members of the Order pursuant to the then existing provisions of the Constitution, the power to elect such having ceased at that date.

## EXPLANATION OF TERMS USED IN REGISTER.

---

The highest rank held by an officer is given in each case; although in many instances service was also rendered in other rank or organization. This rule has in a few cases caused the volunteer rank only to appear of officers who held lower rank in the regular establishment. "Retired" rank is given only when higher than that held in active service. Rank held in the service of the United States which does not of itself confer eligibility is given in parenthesis; where stated as (Capt., U. S. A.) or (Lieut., U. S. N.) it indicates service later than the Civil War period. Stated as (Col., 2d Mass. Inf.) it indicates service during the War with Spain; where this latter is preceded by statement of service as enlisted man, it is such service that constitutes eligibility to original membership under the later commissioned rank: where service as an enlisted man precedes statement of inheritance from a deceased officer, such service constitutes original membership.

In explanation of the terms used to define hereditary membership, it must be noted that up to July 4, 1905, the rule of primogeniture prevailed, consequently the phrase "Son of" indicating Second Class membership, means in almost all cases eldest son or eldest surviving son, and the term "In succession to" indicates that the Companion is the eldest son of a deceased original Companion.

"By inheritance from" may mean that the relationship is that of son, brother or nephew of a deceased original Companion or officer. The amended Constitution that went into effect in 1905 abolished primogeniture and established the eligibility of all sons, or if none, of grandsons, of all members of the First Class or of deceased officers. Eligibility

for inheritance membership by brothers or nephews was abolished, with the exception that an original Companion having no direct descendant "may nominate for life a Companion of the Second Class, from among his male heirs within the collateral branches of his family descending only from his own brother or sister"; the few instances where the phrase "nephew of" appears indicates membership derived in this manner.

Third Class Companions ("gentlemen, who, in civil life during the Rebellion, were specially distinguished for conspicuous and consistent loyalty to the National Government, and were active and eminent in maintaining the supremacy of the same") are simply indicated by the designation "3d Class" except that in cases where eligibility was derived by service in official capacity the office held is given in parenthesis.

The Register includes the names of deceased members, but not of those whose membership ceased from being dropped from the rolls, resignation or expulsion.
