DEPARTMENT ORDER NO. 8

Series 2023-2024

6 April 2024

U.S. Grant Day

All brothers are strongly encouraged to support the bill for U.S. Grant Day in the Missouri House. The bill is HB 2751, Ulysses S. Grant Day. The bill is to be heard sometime after 4:00 p.m. in Hearing Room 6 at the state capitol. All brothers are encouraged to attend. In addition, please bring anyone else who would like to appear. You may attend in support or click to provide testimony. Everyone's help, even outside of our organization is greatly appreciated. Please go to <https://house.mo.gov/> and click on "hearings" and click on "special committee on tourism" and a window will pop up. On the upper right you can click on "submit witness form" or "submit testimony form" and complete. The testimony is for you to put you own comments on the committee's record or you can attend with the witness form. I and Bob Aubuchon will attend and would welcome your attendance. But if you cannot attend, please submit your comments via the website.

If you cannot attend, please go to the website and click on the link above and click submit written testimony and add you can enter what testimony you wish to submit on the form. It can be as simple as stating you support the bill because you believe a great hero like U.S. Grant deserves the recognition.

Ordered this 6th Day of April, 2024,
